Our Story

ADMA TranS4MErs builds on the results of the H2020 project [ADMA Europe](#).

Over the course of three years (2018-2021), ADMA supported over **100 manufacturing companies** in Europe to become next-generation factories with more **competitive, modern** and **sustainable** production.

Driven by this success, ADMA TranS4MErs amplifies ADMA's efforts to **drive the future of pan-European Manufacturing**.

Our mission

ADMA TranS4MErs supports ambitious manufacturing SMEs across the EU to become **Factories of the Future**, embracing present ecological, digital and societal challenges.

Our goal is to create a **pan-European network of knowledge delivery** where innovative SMEs, certified TranS4MErs, and cutting-edge service providers can connect and work together on each individual company's **digitalisation journey**.

What we do

xChange Platform

The ADMA TranS4MErs xChange Platform is at the heart of our network, providing opportunities for **building connections** and **amplifying xChange**.

The **TranS4MErs** act as trusted service brokers between SMEs and Service Providers, while the **Quality Mark** guarantees the excellence of the services and expertise offered.

Open Calls

Launching in September 2022, the calls are opened to European Manufacturing SMEs active in Advanced Manufacturing looking for opportunities to improve their processes and products.

Over the course of two stages, **Design** and **Revamp**, SMEs will create and implement their **Transformation Plan** and take the next step into becoming Factories of the Future

xChange Days*

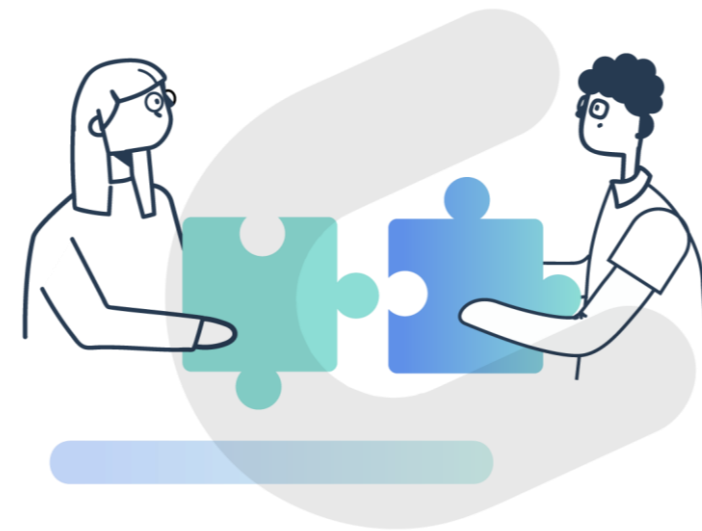

Between Autumn 2022 and 2023, our consortium partners will organise over 80 xChange events across all the EU-27 member states to foster **innovation**, **networking** opportunities and **cooperation**, **exchange good practices**, and access to **cutting-edge knowledge and technologies**.

Value proposition of the project

SMEs

- Receive **Innovation Vouchers** to kick-start their digital transformation journey
- **1-on-1 dedicated support** from a certified TranS4MEr
- Get access to cutting-edge **services and tools** to make your production more efficient and upskill your employees
- Join the **xChange networking events** for the manufacturing community

TranS4MErs

- Become a **licensed broker** for SMEs at the pulse of digital trends and future innovations
- Access tools, services, and events all in a **one-stop-shop digital platform**
- Create **synergies** with other projects to deliver long-term support for your SME
- Enjoy the **flexibility and ease** with which you can work with SMEs

Service Providers

- Earn the ADMA TranS4MErs Quality Mark and **expand your business portfolio**
- **Showcase your services and tools** in our go-to catalogue of transformation-related toolkits
- **Connect** with innovative SMEs and trustworthy brokers in your region and across the EU

Open Call for SMEs in Advanced Manufacturing**

Start your digital Transformation Journey with us

Application: 1 September - 14 December 2022

This project has received funding from the European Union's H2020-2018-2020 research and innovation programme under grant agreement No 101037866

APPLY TO THE ADMA TRANS4MERS ACCELERATION PROGRAMME AND GET THE SUPPORT AND SERVICES YOU NEED FOR YOUR DIGITAL TRANSFORMATION

SEPTEMBER - DECEMBER 2022

PHASE 1: APPLICATION

NOVEMBER 2022 - FEBRUARY 2023

PHASE 2: DESIGN

APRIL - SEPTEMBER 2023

PHASE 3: REVAMP

Identify your strengths and development opportunities in 7 Advanced Manufacturing Transformation Areas

Register on our networking platform and discover unique opportunities to make your production more efficient and upskill your employees

Submit your ADMA Scan and complete the application process to kick-start your digitalisation journey

Receive Design Innovation Vouchers for up to 8 hours of 1-on-1 support from your selected Trans4MER

Your Trans4MERs evaluate the Scan results and create a detailed roadmap of your journey addressing your individual technological and business needs

Take the next step and apply for additional Revamp Innovation Vouchers to continue your journey into becoming a next-generation factory

Choose the services and tools most suitable for your needs brought to you by certified Service Providers from across Europe

Make the best use of your Trans4MER's guidance and the services at your disposal to successfully put into action your Transformation Plan

Design phase

- Access to the xChange Platform
- Invitation to xChange events*
- 1 voucher: up to 8 hours of 1-on-1 time with a TranS4MEr
- Review your ADMA scan's results
- Co-design your Transformation Plan

Revamp phase

- Access to the xChange Platform
- Invitation to xChange events*
- 1 voucher: 10 tokens of 4 hours each to spend on services and tools
- Financial support to third parties: vouchers for direct funding of €2800 each to 27 SMEs
- Implement your Transformation Plan

WHO CAN APPLY / HOW IT WORKS

- The Calls are open to [independent manufacturing SMEs and start-ups](#) With 1-250 employees
- With <€50 million annual turnover or <€43 million annual balance sheet
- Active in the field of Advanced Manufacturing, using new knowledge and innovative and cutting-edge technologies such as robotics, 3D printing, artificial intelligence, high-performance computing and modelling, to produce complex products
- Acting as technology or service adopters improving manufacturing processes and products
- Based in a European Union Member State
- Fair selection process based on eligibility checks
- First come first served selection approach per country
- Up to 500 SMEs funded
- Applications open only to individual SMEs

TOKENS / VOUCHERS

- At the Design Phase, you will be granted one voucher valid for up to eight hours of dedicated support by your selected TranS4MErs, who will review your ADMA Scan results, identify on which of the 7 Transformation Areas to focus your efforts, help you design your Transformation Plan, and create your wishlist of services and tools to address your needs the best.
- At the Revamp Phase, you can receive up to 10 tokens to be used to purchase innovative services and tools listed in the xChange catalogue* to put into action your Transformation Plan
- The consortium will also provide 27 vouchers of €2800 in the form of a lump sum to be used by selected SMEs for their preferred services.
- *Services listed by providers external to the ADMA TranS4MErs consortium are not eligible for tokens and are to be paid for by the SME

KEY DATES

Applications are submitted by the SMEs via the F6S portal.

1ST OPEN CALL: DESIGN PHASE

- Applications open on 1 September 2022
- There will be three cut-off dates, after which eligible SMEs will be selected according to a first-come-first-served criterion
- First cut-off: 2 November 2022
- Second cut-off: 16 November 2022
- Third cut-off: 30 November 2022
- Call closure: 14 December 2022, 17:00 CET

1ST OPEN CALL: REVAMP PHASE

- Application period: Until 15 February 2023
